NEWCOMERS & FRIENDS

NEWSLETTER

Happy Fall Ya'll

So happy that Fall is coming with an official kickoff date of September 22nd. Fall is my favorite season, beautiful colors, pumpkins, cinnamon donuts, apple cider and beautiful mums. And, let's not forget the great cider mills we have surrounding us, either. But there is another reason to celebrate fall for Newcomers. Our October event is our famous Newcomers' Fashion Show. This year we will be having the event at Chemung Hills Golf and Country Club located in Howell on Wednesday, October 19th. For those of you who have never experienced this event, you are in for a treat. As always, some of our club members have graciously offered to become MODELS for the show. Thank you so much for doing so. Can't wait to see our ladies walking the runway!

Your registration and checks should be received by Judy Spry no later than October 1ST, 2022. Please remember this is a closed event, current Newcomers only.

I have some other exciting information to give you! We are planning a Fall Excursion with Village Travelers and they have offered to be our partners in planning, with our direction, some exciting and different excursions. The information will be coming out very soon, so please watch for the updates that will be coming your way via the BLASTs and newsletters. The October event is a Mystery Fall Color Excursion. Hope to see you on the coach!

See you at the Fall Fashion Show!

BET YOU DIDN'T KNOW THIS!

With the passing of Queen Elizabeth II last week and the Fashion Show as our upcoming event, it seems fitting to look at the history of British Hats.

'We've all heard of fancy horse races, over-the-top weddings and lavish brunches chockful of big hats and extravagant head accessories. But not many of you know that this trend is of British descent, more specifically, harnessed by the great Queen Elizabeth I.

The British love of hats dates back to 1571, when Queen Elizabeth I championed a "special" law dictating that everyone over the age of seven should abide by the "hat" rule. In other terms on Sundays we wear hats! Granted, this law is no longer valid, but the upper British class is often spotted wearing overzealous and loaded headwear with pride. Ceremonies have become overflowed with embellished accessories. Think, Prince William and the Duchess of Cambridge's wedding. The hat reign obviously settled among 'commoners' and the 'rich' for many centuries to come, but it has also become a symbol of great fashion sense, as designers have molded this trend to recreate their own special thing.

With hats perched atop their hair, British legacies have made a name for themselves throughout history and now more than ever, garden parties, weddings and many more daytime events are bringing their own special twist to the theme at play.'

ACTIVITIES

There has been a great deal of interest in learning and/or playing Mah Jongg. The two existing groups that are active are unable to take any more players. We are also looking to start new card and game groups.

So, I am asking if there is anyone that would be willing to start a new group. Also, if you are looking to learn and able to organize the group, I would be willing to teach.

Please let me know your thoughts and let's see if we can't get a couple of new activities started.

Please contact Bev Nowicki either by email at: bvnowicki2@gmail.com or 219-306-9358.

OCTOBER IS BREAST CANCER AWARENESS MONTH

The National Breast Cancer Foundation reports that a woman is diagnosed with breast cancer every two minutes. Innovations in research, surgical options and clinical trials give women many more options. With early detection, a woman's survival rate goes up. That's why breast self exams are an important way for women to give their "girls" a fighting chance, especially during Breast Cancer Awareness Month in October.
